

**Mr. Judhajit Sen, Former Managing Director & Chief Executive Officer, LIC (Lanka) Ltd.**

We had an engagement with S G Actuarial Consultancy (Pvt) Ltd. for about 1 Year where Ms. Saroja visited our Office at least One Day Each Week. Even though she was not at our Office as a full-time employee but as a consultant, we received the support we expected from her. Ms. Saroja has previously been a Permanent Employee of the Company and worked well with the present Staff Members some of whom had been with the Company when she was working here.

Given her background, which is not just core Actuarial areas but Insurance and Regulations, she was able to take a Holistic Approach on areas to make suggestions on how the Business can be improved in addition to reviewing the relevant Actuarial Aspects adding substantial core value to the Business Processes of the Company.

I have no hesitation in recommending that her Consultancy firm M/S S G Actuarial Consultancy is eminently suitable for Long Term Engagements.
