11<sup>th</sup> March 2021

**Mr. Prakash Schaffter, Executive Chairman, Janashkthi Insurance PLC**

We sought Saroja's input on a specific area and hence engaged with S G Actuarial Consultancy (Pvt) Ltd. The reason we chose her is that she has the ability to assess an area of concern both from the regulatory point of view as well as the Company's perspective. She visited our Office 3 Days a Week to perform the required work. She was very meticulous and thorough in her work and demonstrated a strong and professional work ethic. The support we received went even beyond the contractual obligations. She explained matters to our team in a clear, accessible and convincing manner. Through her sound technical expertise, she has added substantial value to the Company. Given her knowledge of the overall market she was able to make some strategic suggestions as well.

In addition to the consulting work, she has also provided training services to our Organization which has been very well received. We hope to engage with the consultancy for consulting work on a project basis as and when the need arises.

Yours faithfully,

  
PRAKASH SCHAFFTER  
CHAIRMAN
